Ocean’s Past Initiative – 2020 Online Conference

Programme

May 11-15, 2020 (Europe, West Asia, Africa, Americas)
(May 12-16 in Oceania/East Asia)

Online (Zoom) Meeting registration link:
https://washington.zoom.us/meeting/register/tJckc-yupj0pHN21UAUnrs7erRTzWGUaHgVp

Monday, May 11

all times in Universal Time/UCT

18:00 Welcome and Preliminaries (meeting organizers)
18:05 Meeting Opener – Poul Holm
18:15 Cristina Brito
The Bestiary of D. Juan de Austria: Natural history treatises as elements for the analysis of past sea animals and populations
18:25 Q&A
18:30 Bernard Allaire
French cod catches in Newfoundland 1500-1800 (shortened title for virtual conference)
18:40 John Nicholls
The Capacity Trend Method: A new approach for enumerating the Newfoundland cod fisheries (1675-1790)
18:50 Poul Holm
The Danish North Sea Coast Fisheries, 1450-1660)
19:00 Q&A/ Moderated discussion – Ruth Thurstan
Chat moderator- Ben Fitzhugh
19:30 Adjourn
Ocean’s Past Initiative – 2020 Online Conference - Programme

Tuesday May 12
all times in Universal Time/UCT

18:00  Welcome and Set up
18:05  Paul Montgomery
  Environmental history and archaeology of coastal northern communities of the transpacific Otter fur trade
18:15  Q&A
18:20  Sophia Nicolov
  A Return to the Past or the New Normal?: Human responses to the 1999-2000 and 2019 eastern North Pacific gray whale (Eschrichtius robustus) unusual mortality events
18:30  Q&A
18:35  Josheena Naggea
  Social-ecological transformations affecting marine governance in the Republic of Mauritius
18:45  Q&A
18:50  Guillem Chust
  Null models for attribution analysis of fish distribution shifts to climate change
19:00  Q&A
19:05  Moderated discussion – Cristina Brito
  Chat moderator – Ruth Thurstan
19:30  Adjourn

Wednesday, May 13:
all times in Universal Time/UCT

18:00  Welcome and Set up
18:05  Bo Poulsen
  1000 years of commercial eel fisheries in Europe
18:15  Q&A
18:20  Tom McGovern
  Introducing the North Atlantic Encounters Program
18:30  Q&A
18:35  Jennifer Selgrath
  Setting baselines for coastal species in Central California
18:45  Q&A
Ocean’s Past Initiative – 2020 Online Conference - Programme

18:50  Ilse Martínez
       Changing times, changing vulnerabilities in Mexican shark fisheries
19:00  Q&A
19:05  Moderated discussion – Ben Fitzhugh
       Chat moderator – Alison MacDiarmid
19:30  Adjourn

Thursday, May 14
all times in Universal Time/UCT

18:00  Welcome and Set up
18:05  Poster lightning talks with links to online posters
       Joana Baço
       Marine Lexicon: Presenting a cross-European thesaurus about early modern marine mammals
       Nina Vieira
       Casks of oil, burdens of baleen: The importance of whales and whaling in Brazil (17th and 18th centuries)
       David Orton
       SeaChanges: a training network bridging archaeology and marine biology
       Katrien Dierickx
       Flatfish and the origins of European marine fishing
       Paul Butler
       SEACHANGE: Quantifying the impact of major cultural transitions on marine ecosystem functioning and biodiversity
       Antony Firth
       Ocean Decade Heritage Network (ODHN)
       Youri van den Hurk
       The Demise of the Atlantic Grey Whale (Eschrichtius robustus)
18:20  Q&A
18:30  Paolo Albano
       Climate-driven biodiversity collapse on the Mediterranean Israeli shelf (updated title for virtual meeting)
18:40  Q&A
**Ocean’s Past Initiative – 2020 Online Conference - Programme**

18:45 **Ruth Thurstan**
   *Two centuries of social and ecological transformation in an inshore marine system: Queensland’s rock oysters*

18:55 Q&A

19:00 **John Nicholls**
   *OBIS – A brief overview*

19:10 Q&A and Moderated discussion – **Alison MacDiarmid**
   Chat moderator – **Poul Holm**

19:30 Adjourn

---

**Friday, May 15**

all times in Universal Time/UCT

18:00 Welcome and Set up

18:05 **Georgina Hunt**
   *Long-term changes in fish communities in the western North Sea*

18:15 Q&A

18:20 **Hreiðar Þór Valtýsson**
   *Disentangling the factors affecting the CPUE in Icelandic fisheries in the past*

18:30 Q&A

18:35 **Alf Ring Kleiven, Sigurd Heiberg Espeland, Stian Stiansen, Esben Moland Olsen**
   *Technological creep masking stock collapse in a 90-year marine fishery time series*

18:45 Q&A

18:50 **Philip Ross**
   *Te Waiwhakata: reflecting on the past to plan for the sustainability of coastal ecosystems*

19:00 Q&A

19:05 Moderated discussion – **Poul Holm**
   Chat moderator – **Cristina Brito**

19:25 Session Close, invitation to Oostende, May 2021

19:30 Adjourn
