

Local time	Mon 15 June
13:15	<b>Location: Vic Downtown - TBD</b>
13:30	
13:45	
14:00	
14:15	
14:30	
14:45	Informal meet & greet / pub lunch - own cost
15:00	
15:15	<b>Arrival from 3pm. Location: Vic Theatre</b>
15:30	WELCOME
15:45	
16:00	<b>Keynote 1:</b> Daniel Pauly - Shifting Baselines and the Various Pasts of Various Disciplines
16:15	
16:30	
16:45	Film by Indigenous Aquaculture Collaborative: Honouring the Past, Feeding the Future; Indigenous Aquaculture.
17:00	Intermission
17:15	
17:30	<b>Keynote 2:</b> Cristina Brito - Marine Mammals Fuelling the Portuguese Empire: Extractions and Uses of Whales and Seals
17:45	
18:00	
18:15	Film excerpt by CORVA Studio Lab: Threads that Bind - The Story of the Coast Salish Woolly Dog
18:30	Close
18:45	

Local time	Tues 16 June	
8:30	<b>Arrival and Registration. Location: Fraser Building, large lecture hall FRA 192</b>	
8:45	Welcome	
9:00		
9:15		
9:30		
9:45	<b>Keynote 3:</b> Chelsea Wood - Is the World wormier than It used to be? Answers from a new sub-discipline: The historical ecology of parasitism	<b>Chair:</b> Andre Colonese   <b>Tech:</b> Ben Fitzhugh   <b>Online:</b> Madi Bowden-Parry
10:00		
10:15		
10:30	Krista McGrath - Molecular identification of baleen whales from prehistoric sites in southern coastal Brazil: Insights into pre-commercial whaling species distributions	
10:45	Youri van den Hurk - Ancient Whalers in Northern Hokkaido, Japan; Zooarchaeological and Palaeoproteomic Analyses of Whaling in Kafakai 1 and Onkoromanai	
11:00	<b>Poster flash talks x 5:</b> Johannes Rom Dahl; Gwyneth Chilcoat; Irene E. Garcia-Peréz; Alex Brown; Jannick Scheepstra	
11:15	<b>Coffee Break. Location: Fraser Building</b>	
11:30	Magie Aiken - A Past in Print: Tracing Harbour Porpoise Populations through Historical Records <b>R</b>	
11:45		
12:00		
12:00	Aripekka Junno - Bone Steroid Hormones as Indicators of Prehistoric Human-Ocean Interactions: A 2500-Year Palaeoendocrine History of Fur Seals in Hokkaido, Japan	<b>Chair:</b> Madi Bowden-Parry   <b>Tech:</b> Ben Fitzhugh   <b>Online:</b> Andre Colonese
12:15	Jason Colby - Rumours of Extinction: The Science and History of Eastern Pacific Gray Whales	
12:30	<b>Poster flash talks x 10:</b> Kai Muir; Jiaming Cui; Jaime Ojeda; Joellen R. Callahan; Amanda Godbold; Jennifer Preece; Jay Hillsden; Jimena Torres; Emily Phillips; Michael P. Montgomery	
12:45		
13:00		
13:15		

13:30	<b>Lunch and Mentor roundtables   Poster set up   Conference photo:</b> Location: University Club	
13:45		
14:00		
14:15		
14:30	Sophia Bella Chapple - Whaling to Whale Watching: An Exploration into the Social, Economic, and Ecological Implications of this Historical Trajectory	<b>Chair:</b> Youri van den Hurk   <b>Tech:</b> Rachel Winter   <b>Online:</b> Nayeli Jimenez
14:45	Emily Martens-Oberwelland - "Royal Fish," Sea Monsters, and the Great Leviathan: The Relationship Between Humans and Whales in Seventeenth Century England	
15:00	<b>Poster flash talks x 10:</b> André Carlo Colonese; Ruth Thurstan x 2; Leah D. Rubin; Elias del Valle; Theo Shaheen-McConnell; Hannah Phetbourom; Mariah Smith; Ricardo Cavieses-Nuñez	
15:15		
15:30	Poul Holm - Peaks and Trajectories of Global Pre-Modern Marine Extractions	
15:45	Johannes Rom Dahl - Shifting patterns of Marine Commodity Exports in Seventeenth Century Norway	
16:00	Bo Poulsen - Fertilizer and Food: An Animal History of Herring in Europe and Japan	
16:15	Katsunori Takase - Assessing the possibility of northern fur seal breeding grounds in Hokkaido	
16:30	Iain McKechnie - Northern Fur Seal hunting along the Pacific Rim: archaeological perspectives from British Columbia, Canada	
16:45	Poster session + food (included). Location: University club	
17:00		
17:15		
17:30		
17:45		
18:00		
18:15		
18:30		
18:45		
19:00 +		

Local time	Wed 17 June			
8:30	Arrival. Location: Fraser Building, Lecture Hall FRA 192			
8:45				
9:00	<b>Keynote 4:</b> Hwsyun'yun Skye Augustine - Oceans Past, Food Futures: Ancestral Mariculture and Indigenous Ocean Governance in the Salish Sea and Beyond		<b>Chair:</b> Nayeli Jiménez Cano   <b>Tech:</b> Ruth Thurstan   <b>Online:</b> Carolina Chong-Montenegro	
9:15	<b>Special session: Indigenous Clam Gardens:</b> Kristina Barclay - Ghosts of crabs past: Crab scars on clam shells reveal human impacts on crab populations through time; Patrick Hayes - Colonial Dispossession, Commercial Fisheries, and Clam Decline in British Columbia; Max Miner - Where are the Geoduck? Ancient DNA-Based Molecular Identification of Fragmentary Archaeological Bivalve Shell and Implications for First Nations Fisheries Sovereignty in British Columbia; Dylan Hillis - (Re)awakening Remembrances: Leveraging Ancient Harvest Records & Ancestral Knowledge to Support Nuu-chah-nulth Food Sovereignty; Hannah Kobluk - Restoring Balance: Revitalizing ancestral wisdom to support future relationships between clams, sea otters and people; Abby Birch - Protecting clams from climate-induced heat stress and predation by weaving Indigenous and Western science; Kim-Ly Thompson - Caring for clams in times of change: Mobilizing ancestral practices for the future in Gitga'at territory; Tommy Happynook & Skye Augustine - Wisdom Catching & Discussion			
9:30				
9:45				
10:00				
10:15				
10:30	<b>Coffee Break: Walk to parallel session rooms</b>			
10:45	<b>Location: Lecture Hall FRA 192</b>		<b>Location: Lecture Hall FRA 157</b>	
11:00				
11:15				
11:30				
11:45	Lenin Alfonso Morales Lopez - Muubilli, the Grandmother-Sea: Gunadule Ocean Knowledges and an Ethic of Reciprocity in the Anthropocene	<b>Parallel Session 1) Chair:</b> Andre Colonese   <b>Tech:</b> Nayeli Jiménez Cano   <b>Online:</b>	Lane M. Atmore - The Phantom Fish: Evaluating the historical ecology of the Pacific herring through ancient DNA	<b>Parallel Session 2) Chair:</b> Iain McKechnie   <b>Tech:</b>
12:00	Bryony Onciul - The Heritage and Future of Indigenous Rights in the Environmental Emergency: Stewarding coastscapes and connecting communities		Sara Ohayon - Long-Term Fishing Impacts on Pacific Herring Spawning Distribution in the Strait of Georgia	
12:15	Jesse Robertson - Indigenous Placenames, Colonial Charts: Ocean Knowledges and Encounter in the Nineteenth Century		Monica Tromp - Ika Moana Ika Whenua, Uncovering Taonga Stories	
12:30	Aleeyah Amanda Ali - Archipelagic Blue Futures: Warao & Kalina / Karina ITEK, Storytelling, and Hybrid ITEK-MRV Models for Blue Carbon Conservation <b>R</b>		Loren McClenchan - Factors affecting a century of loss of British Columbia's biggest salmon	
12:45	Caroline Collins - Black Mariners in the Age of Sail: Implications for Just Oceanic Futures <b>R</b>		Georgina L. Hunt - Rediscovering lost herring spawning grounds: unearthing historical records overlooked by modern science	

13:00	<b>Box lunch</b>							
13:15								
13:30								
13:45	<b>Location: Lecture Hall FRA 192</b>		<b>Location: Lecture Hall FRA 157</b>					
14:00	Semyon Drozdetskiy - Salmon Across Borders: How Digital and Remote Methodologies Can Aid in Indigenous Salmon Stewardship (R)	<b>Parallel Session 3) Chair:</b> Andre Colonese   <b>Tech:</b> Iain McKechnie   <b>Online:</b>	Dominique Rissolo - The Maritime Maya: A View from the North Coast of Quintana Roo, Mexico	<b>Parallel Session 4) Chair:</b> Rachel Winter   <b>Tech:</b>				
14:15	Tessa Thomson - The voice of the toheroa: Lessons from the history of a taonga species to inform our ocean futures		Nayeli G. Jiménez Cano - Long-Term Fisheries Dynamics in the Maya Area: Ichthyoarchaeological Perspectives from the Yucatan Peninsula, Mexico					
14:30	Camilla Speller - Xaʔaʔgaʔ: Collaborative Research on Ancient Fisheries in the K'ómoks Estuary		Loren Clark - Caves and Coastlines: Connected Landscapes of the Late Pleistocene/Early Holocene Cave Systems of Quintana Roo, Mexico					
14:45	Ben Fitzhugh and Katsunori Takase - Comparative Indigenous Knowledge and Stewardship of Fisheries in the Northern North Pacific		Arlin G. Ramos Rodriguez - The Life of a Fish Remembered: Groupers, Memory, and Reef Change in Cozumel					
15:00	Kim-Ly Thompson - Investigating a lifetime of change in Skidegate Haida seafood systems: Colonial social-ecological impacts to seafood abundance and diversity reduce access to seafood-derived nutrition		Nadia T. Rubio-Cisneros - Sharks, Fishers, and Divers: Reconstructing Blue Memory on a Caribbean Tourism Island					
15:15	<b>Speed:</b> Oluyemisi A Bolonduro (R); Jo Marie V. Acebes (R); Ajith Raj (R)		<b>Speed:</b> Mubarak Mammel; Karen Grieg, Ariana Solis-Gómez (R)					
15:30	<b>Coffee Break</b>							
15:45	<b>Dinner at the UVic Grad House (included)</b>							
16:00								
16:15					Alessandro Antonello - Seagrass knowledge, speculation, and extraction in South Australia, 1903-1922	<b>Parallel Session 5) Chair:</b> Kai Muir   <b>Tech:</b> XX   <b>Online:</b> XX	Christine Conlan - ZooMS reveals past Caribbean sea turtle abundances in Bonaire and Curaçao for reconstructions of long-term turtle-human interactions in the Caribbean	<b>Parallel Session 6) Chair:</b> Rachel Winter   <b>Tech:</b>
16:30					Madison Bowden-Parry - Investigating the history of Sussex kelp habitats and their impact on local communities		Erin M. Dillon - Tracking coral reef ecosystem change over millennia in the Tropical Eastern Pacific using paleo archives	
16:45					Ursula Dhillon - Finding kelp in the past: Biases and best practices in the use of historical nautical charts for ecological analyses		Liz M. Quinlan - Beyond Stockfish: Refining integrated osteometric analyses for archaeological and interdisciplinary applications	
17:00	<b>Speed:</b> Aimie Neron (R) Spencer Y. Weinstein; Susanna Lidström	<b>Speed:</b> Zoe Riskey; Leah D. Rubin; Chris L. Schneider						
17:15	<b>Dinner at the UVic Grad House (included)</b>							
17:30								
17:45								
18:00								
18:15								
18:30								
18:45								
19:00 +								

Local time	Thurs 18 June				
8:30	<b>Arrival. Location: Fraser Building, Lecture Hall FRA 192</b>				
8:45	<b>Oceans Past Initiative Annual General Meeting</b>				<b>Chair:</b> Ruth Thurstan   <b>Online:</b> Madi Bowden-Parry
9:00					
9:15					
9:30	<b>Short Break</b>				
9:45					
10:00	Emma Millet - Cataloguing the Ocean's Curiosities in Early 18th century France. An Introduction to the Masson du Parc Online Database (R)	<b>Chair:</b> Ben Fitzhugh   <b>Tech:</b> Andre Colonese   <b>Online:</b> Ruth Thurstan	<b>Parallel Session 7) Chair:</b> Ruth Thurstan   <b>Tech:</b>		
10:15	André Carvalho - Anglo-Portuguese trade of marine commodities (1696–1809) (R)				
10:30	Patrícia Carvalho - Fish in early modern Portuguese religious institutions: A micro-history approach to records and consumption in urban convents, 18th century (R)				
10:45	Jasmin Ann-Christine Thomassen - The History of the Danish Seine: Almost two centuries of Low-Impact fishing				
11:00	Meaghan Efford - Collaborative, transdisciplinary, and community-based archaeology and historical ecology in service of Tsleil-Waututh Nation				
11:15	<b>Coffee Break: Walk to parallel session rooms</b>				
11:30	<b>Location: Lecture Hall FRA 192</b>		<b>Location: Lecture Hall FRA 157</b>		
11:45	Romain Grancher - The Political Ecology of the Oyster Managing the Underwater Resources of Brest Roadstead in the Mid-Nineteenth Century (R)		Sarah B. Barber - Quantifying Ecosystemic Change at Centennial Scales By Incorporating Zooarchaeological Data into Ecopath Models		

12:00	Alexei Kraikovski - "One can't live in St. Petersburg without eating oysters". Arctic mollusks in 18th century capital of Romanovs (R)	<b>Parallel Session 7) Chair:</b> Georgina Hunt   <b>Tech:</b> Nayeli Jimenez   <b>Online:</b>	Nicholas R. Record - Forecasting in hindsight: The paradoxical history of prediction for the American lobster fishery	<b>Parallel Session 8) Chair:</b> Loren McClenachan   <b>Tech:</b> Iain McKechnie
12:15	Ana Cristina Roque - RECONSTRUCTING COLLAPSE AND RESILIENCE: EARLY COLONIAL EXTRACTION AND THE LONG-TERM TRAJECTORIES OF BROWN SEALS IN SOUTHERN AFRICA (1600-1750) (R)		Sabrina Schettino - Hunting the Fur Seal: Indigenous Labour and Non-human Relations in the Pelagic Sealing Industry	
12:30	Alexandre R. dos Santos Jr. -The potential of past knowledge to provide inputs into a novel Climate Vulnerability Analysis framework (R)		Marjolein Admiraal - Rethinking Baselines: confounding nitrogen signatures of marine mammal source amino acids	
12:45	Ilse A. Martínez-Candelas - What comes after the collapse? Fading shark local ecological knowledge in the Yucatan Peninsula (R)		Sophia Nicolov - Recovering multidimensionality in the Natural History Museum's Cetacea collection	
13:00	<a href="#">Lunch   ECR policy workshop. Location: UVic Library Bibliocafe</a>			
13:15				
13:30				
13:45				
14:00				
14:15				
14:30	Matthew Little - Weighing harvest rights against legacy exploitation: Estimating the impacts of commercial whaling on beluga populations in the Nunavik Marine Region	<b>Parallel Session 9) Chair:</b> Nayeli Jiménez Cano   <b>Tech:</b> XX   <b>Online:</b> XX	Lais Chaves - Reclaiming Knowledge and Access: Integrating Indigenous and Western Science to Assess Culturally Important Clam Populations in Tsawout First Nation's QEN'T Marine Protected Area	<b>Parallel Session 10) Chair:</b>   <b>Tech:</b>
14:45	Sven Pallacks - Unlocking marine sediment cores to reconstruct fish population dynamics across time (R)		Silvia Gómez - Lessons from History for Today's Struggles: Communities Reviving the Commons to Defend the Sea in the face of Blue Injustice	
15:00	Alice Nouvet - Fisheye Methods: Assessing historical connections between terrestrial landscapes and marine ecosystems		Wendí Coleman - Seascapes of Continuity: Kalaallit Marine Practices at Alluitssoq	
15:15	Rachel M. Winter - Marine shagreen as a tool for historical elasmobranch exploitation and ecological baselines		Jaime Ojeda - Fish Traps in Patagonia: Ancestral Footprints and Sentinels of the Future in the Face of Global Change.	
15:30	James Tremlett - Think like a fish: Oceanhood past and future (R?)		Syzmon Surma - Of fish-drivers and fish-eaters: whales, herring, and humans in the eastern Nordic Seas	
15:45	<b>Speed:</b> David Andrew Anaya; Sheikh Fahim Faysal Sowrav (R); Mia Arias (R)	<b>Speed:</b> Beatriz Fernandes de Barros Bomfim Santana; Ruth Thurstan		
16:00	Free time or Whale excursion 6-9pm. <b>Location: Fisherman's Wharf, Inner Harbour (Downtown).</b> Pre-booked at own cost - see Eventbrite page for booking options

18:00				
18:15				
18:30				
18:45				
19:00 +				

Local time	Friday 19 June	
8:30	<b>Arrival. Location: Fraser Building, Lecture Hall FRA 192</b>	
8:45		
9:00	<b>Keynote 5: Anna Guasco - "Our West Coast Whale": Claiming, Contesting, and Belonging in More-than-Human Seas</b>	
9:15		
9:30		
9:45	Thomas Baxter - Change in the rocky intertidal from historic monitoring in Orkney and Shetland, Scotland	<b>Chair:</b> Rachel Winter   <b>Tech:</b> Nayeli Jimenez   <b>Online:</b> Youri
10:00	Amanda Godbold - Stability, turnover, and functional reorganization in Caribbean marine communities during the emergence of the Isthmus of Panama	

10:15	Christina Treinen-Crespo - Two centuries of marine productivity change: insights from sediment core analysis in the Central Mexican Pacific	van den Hurk
10:30	Catherine F. West - Sea Ice History in the Bering Sea	
10:45	Jaime Ojeda - Fishing practices and paleoceanographic changes during the Holocene in sub-Antarctic region (Strait of Magellan and Beagle Channel)	
11:00	Coffee Break	
11:15		
11:30		
11:45	Julia Lajus - Early Bottom Trawling in the Barents Sea and the Sea of Okhotsk, 1910s – 1940s (R)	<b>Chair:</b> Madi Bowden-Parry   <b>Tech:</b> Carolina Chong-Montenegro   <b>Online:</b>
12:00	Lucia Bryan - Reefs & Relics: An Ichthyo-Archaeological Approach to Cultural and Environmental Conservation in Andavadoaka, Madagascar	
12:15	Jay Hilsden - Flatfish in focus: Developing a ZooMS reference database to identify archaeological Pacific flatfish	
12:30	Aleksa K. Alaica - Moche Mollusk Harvesting – Environmental and Sociopolitical Factors in Shaping Habitat Exploitation during the 1st Millennium CE of Peru's North Coast	
12:45	CLOSE AND PRIZES	
13:00		
13:15		
13:30		
13:45	Box lunch pick up	
14:00	Excursion - Historical Boat Tour. <b>Location: Oak Bay Marina.</b> Pre-booked at own cost - see Eventbrite page for booking options
